Diversity Disclosures

The Company, in keeping with the recommendations of the Corporate Governance Council, provides the following information regarding the proportion of gender diversity in the organisation as at 30 June 2023:

	Proportion of female / total number of persons employed
Females employed in the Company as a whole	3 / 9
Females employed in the Company in senior executive positions	0 / 2
Females appointed as a Director of the Company	0 / 3

The recommendations of the Corporate Governance Council relating to reporting require a Board to set measurable objectives for achieving diversity within the organisation, and to report against them on an annual basis. The Company has implemented measurable objectives as follows:

Measurable Objective	Objective Satisfied	Comment
Adoption and promotion of a Formal Diversity Policy	Yes	The Company has adopted a formal diversity policy which has been made publicly available via the ASX and the Company's website.
To ensure Company policies are consistent with and aligned with the goals of the Diversity Policy	Yes	The Company's selection, remuneration and promotion practices are consistent with the goals of the Company's Diversity Policy.

To provide relevant and challenging professional development and training opportunities for all employees.	Yes	The Company seeks to continually encourage self-improvement in all employees, irrespective of seniority, ability or experience, through external and internal training courses, regular staff meetings and relevant on job mentoring.

The Company has not at this time implemented specific measurable objectives regarding the proportion of females to be employed within the organisation or implemented requirements for a proportion of female candidates for employment and Board positions. The Board considers that the setting of quantitative gender based measurable targets is not necessarily consistent with the merit and ability-based policies currently implemented by the Company, taken in the context of the current nature of the Company's operations, the stage of its development and the small size of its workforce.

The Board will consider the future implementation of gender-based diversity measurable objectives when more appropriate to the size and nature of the Company's operations.
